All plans created by Mosaiq LLC "Mosaiq" are made exclusively for design reference only (Cal. Bus. & Prof. Code §5537). All site plans created by Mosaiq do not involve the determination of any property line, and as such do not constitute a survey (Cal. Bus. & Prof. Code §§8726-8731). In addition, Mosaiq services and plans do not constitute civil engineering (Cal. Bus. & Prof. Code §§8700-8794), and thus should not be used for any studies or activities defined as civil engineering (Cal. Bus. & Prof. Code §5537). All floor plans created by Mosaiq are intended to be used as a reference for design and construction and should not be considered a substitute for the field verification and professional judgment of a licensed architect. Mosaiq makes every reasonable effort to ensure the accuracy of the information found in our plans. However, every As-Built drawing inherently contains errors to some degree. It is the duty of the architect, contractor, designer or other licensed professional, as a consultant to the property owner, to determine the suitability of the As-Built plans prior to construction. Measurements should be field confirmed before commencing construction. In the event that errors are found, Mosaiq's liability is limited to the amount of the fee paid to Mosaiq.
